

There were issues affecting this run of Lighthouse:

- **Chrome extensions negatively affected this page's load performance.** Try auditing the page in incognito mode or from a Chrome profile without extensions.
- **There may be stored data affecting loading performance in this location: IndexedDB.** Audit this page in an incognito window to prevent those resources from affecting your scores.
- **The page may not be loading as expected because your test URL (<http://localhost:5173/>) was redirected to <http://localhost:5173/HostelEnglish/>.** Try testing the second URL directly.
